Skeletons Save Lives – “Skeletons for St. Jude” raising hundreds of thousands in donations; likely to break half a million dollars raised across only four Halloweens.

Skeletons for St. Jude (SSJ) is a nationwide fundraising effort of home haunters that use their Halloween displays to raise money for St. Jude Children's Research Hospital to support children and their families impacted by childhood cancer. ***Their goal is to raise as much money as possible to help get sick children well and out of the hospital so they too can enjoy these fun Halloween and holiday displays.***

The fundraiser originated in Holly Springs, NC in 2020 with the Robertson family placing a St. Jude fundraising sign in their yard after a local TV station aired their skeleton Halloween display. After generating \$8,200, in a few short weeks, and meeting several families impacted by childhood cancer, the Robertsons were moved to turn the fundraiser into an annual event.

For the 2021 & 2022 campaigns, SSJ, leveraging social media, expanded the effort across the nation recruiting thousands of SSJ partners to join the effort. By Halloween in 2021, there were over 400 SSJ partner homes and by 2022 the number of homes grew to over 630 homes including homes in almost every state. To date thousands of generous donors have donated over \$394,000 to help the children and families battling cancer.

This year SSJ is striving to break the half-million dollar mark. Those wishing to join our team can receive information by joining at Facebook group through the QR code (left) or this link:

<https://www.facebook.com/groups/449848202989543>.

Donations can be made through the QR code (right) or link (below). 100% of the donations go directly to St.

Jude. Tax-deductible receipts provided from St. Jude.
